# WELCOME

Welcome to Premier Elk Outfitters of Wyoming! We are a group of seven top-quality, seasoned outfitters from across Wyoming. Each member of our organization is considered to be one of the best in their field and highly respected in the big game outfitting industry. We understand that choosing the right outfitter for your elk hunt is crucial, and we are here to help you find the best match for your personal needs and desires.

Each Premier Elk Outfitter offers unique and diverse hunting experiences, providing memories to last a lifetime. Whether you are an experienced sportsman with many elk hunts under your belt or looking for your first hunt ever, we have the experience you are looking for. Our outfitters offer a wide variety of quality hunts, from wilderness horseback pack-in wall tent camps to deluxe drive-in lodges and private ranch hunting by 4x4 vehicles.

Wyoming's elk population has grown significantly over the past 20+ years, making it an excellent time to enjoy a successful elk hunt in the state. The elk hunter harvest success rates and trophy quality have never been higher, boasting the highest success rates among all Western States. If you've been accumulating preference points, now is the time to use them for a great elk hunt in Wyoming. Some limited quota areas may require 10 or more preference points to guarantee a draw, but the general license usually requires only three (3) or more points. The quality of the elk hunt in Wyoming is outstanding, and we encourage you to check us out and confidently book a great elk hunt with one of the highly recommended outfitters of the Premier Elk Outfitters of Wyoming.

We look forward to hearing from you soon!

# Choosing the Right Elk Outfitter

Wyoming is home to a wide range of experienced elk outfitters, each offering something different. Choosing the right one comes down to your goals, physical ability, and preferred hunting style.

## Things to Consider When Choosing an Outfitter:

- Do they have access to private land or permitted public areas?
- Are hunts camp-based or lodge-based?
- Will the hunt be on horseback or vehicle-supported
- Do they offer archery or rifle hunts, or both?
- What season dates and tag types are required?
- What are their success rates and client reviews like?

## Don't Wait Until You Draw to Book Your Hunt

One of the biggest mistakes nonresident hunters make is waiting until they have drawn a license before booking an outfitter. By then, many of the best hunts are already full.

In Wyoming, all nonresident elk licenses must be drawn. Outfitters don't get tags. What we can do is help you apply for the right hunt area and season to match your goals and improve your chances of drawing. Our understanding of Wyoming's preference point system and how many points are typically needed in each area allows us to guide you toward the best possible options for your situation.

Booking early not only secures your place, it also gives you access to expert guidance through the licensing process and helps you prepare for a successful hunt from day one.

Every outfitter featured in this publication is fully licensed and brings years of experience to the table. You can feel confident choosing any one of them for your next Wyoming elk hunt.
